

## AMENDMENTS TO THE SPECIFICATION

Please replace Paragraph [0018] with the following paragraph rewritten in amendment format:

[0018] Vectors calculated from Wavelet transform such as Daubechies 3 can be used to represent texture information as discussed in: Robert Porter and Nishan ~~Canagarajar~~Canagarajah, A Robust Automatic Clustering Scheme for Image Segmentation using Wavelets, IEEE Transactions on Image Processing, Vol. 5, NO. 4, April 1996; Michael Unser, Texture Classification and Segmentation using Wavelet Transform, IEEE Transactions on Image Processing, VOL. 4, NO. 11, November 1995; and T.Chang and C.C. Jay Kuo, Texture Analysis and Classification with Tree-Structured Wavelet Transform, IEEE Transactions on Image Processing, Vol. 2, No. 4, October 1993.
